

Elegant Firework Displays

A professionally fired firework display can provide a spectacular finale to any event, leaving your guests cheering with awe and excitement. The displays featured below all contain a mix of candles, shells & cakes. In most cases low noise materials are used, especially useful in environmentally sensitive areas.

All packages come with a "book & forget" service. This means that all the relevant authorities and public bodies are notified and liaised with leading up to and during the event. The displays featured here are aimed at the private event, however should your needs require something larger or bespoke, please contact us to discuss your needs.

3A PROFESSIONAL FIREWORK DISPLAY

Packed full of exciting colours and effects, this show lasts for 5 minutes and contains more than 30 different sequences. Constant barrage of low noise candles firing in varied angles and colours up to heights of 60 foot, complimented with aerial burst material. The finale contains high level aerial shells which burst at a variety of heights.

3B PROFESSIONAL FIREWORK DISPLAY

The next standard display, containing bigger candles which rise higher with amazing glitter and colour, as well as bigger shells at the end, large bore cakes fire constantly throughout the show between a lattice of roman candles.

3C PROFESSIONAL FIREWORK DISPLAY

It contains rapid firing candle batteries and large bore multi-shot cakes which form V and \\\ formations constantly throughout the show. Many new effects and strong colours light up the sky in a magical way. Watch out for the volley of golden glittering shells in the finale.

3D PROFESSIONAL FIREWORK DISPLAY

This show contains candles in double lattice formation firing all the way through the show until the start of finale. Large roman candles and multi-shot cakes are fired underneath high rising shells creating coloured canopies in combination at various levels.

Elegant Firework Displays

Our displays are all provided by the UK's largest firework importer and are responsible for over 200 shows every year all around the United Kingdom. Strategically located storage sites are situated all around England to ensure that any show can be fired at a moments notice if required. Firing teams are available 365 days a year for any event, allowing over 14 shows to be fired on any given night almost anywhere in the UK.

All authorities, air traffic control (if necessary) and the venue are liaised with directly to ensure you don't have to worry about anything except for how much you want to spend! Enquiries can be made via our online enquiry forms or by contacting us direct by phone.

What you can expect with every booking

Liaison with venue and authorities

Everyone who needs to know about the display does, and authorisation gained where needed.

Display site survey if required

Verification with the venue to decide whether a site survey is needed, this is usually done free of charge.

Risk assessment

Every show fired, will have been risk assessed in a manor as advised by the HSE. This ensures any concerns are addressed.

Insurance cover

Insurance cover is for 365 days a year, remember some companies have insurance per event and this is not considered a professional approach.

Team to set up your display

Your show will include a professional fully trained firing team. Teams consist of 2 firers per show.

Firing of your display

Your firing team will ensure your display goes as planned no matter the weather.

Cleaning of the firing site

The site is left as it was found. Any debris is removed from site, and lawns are raked.
